

# **The Course Of The Accreditation Process**

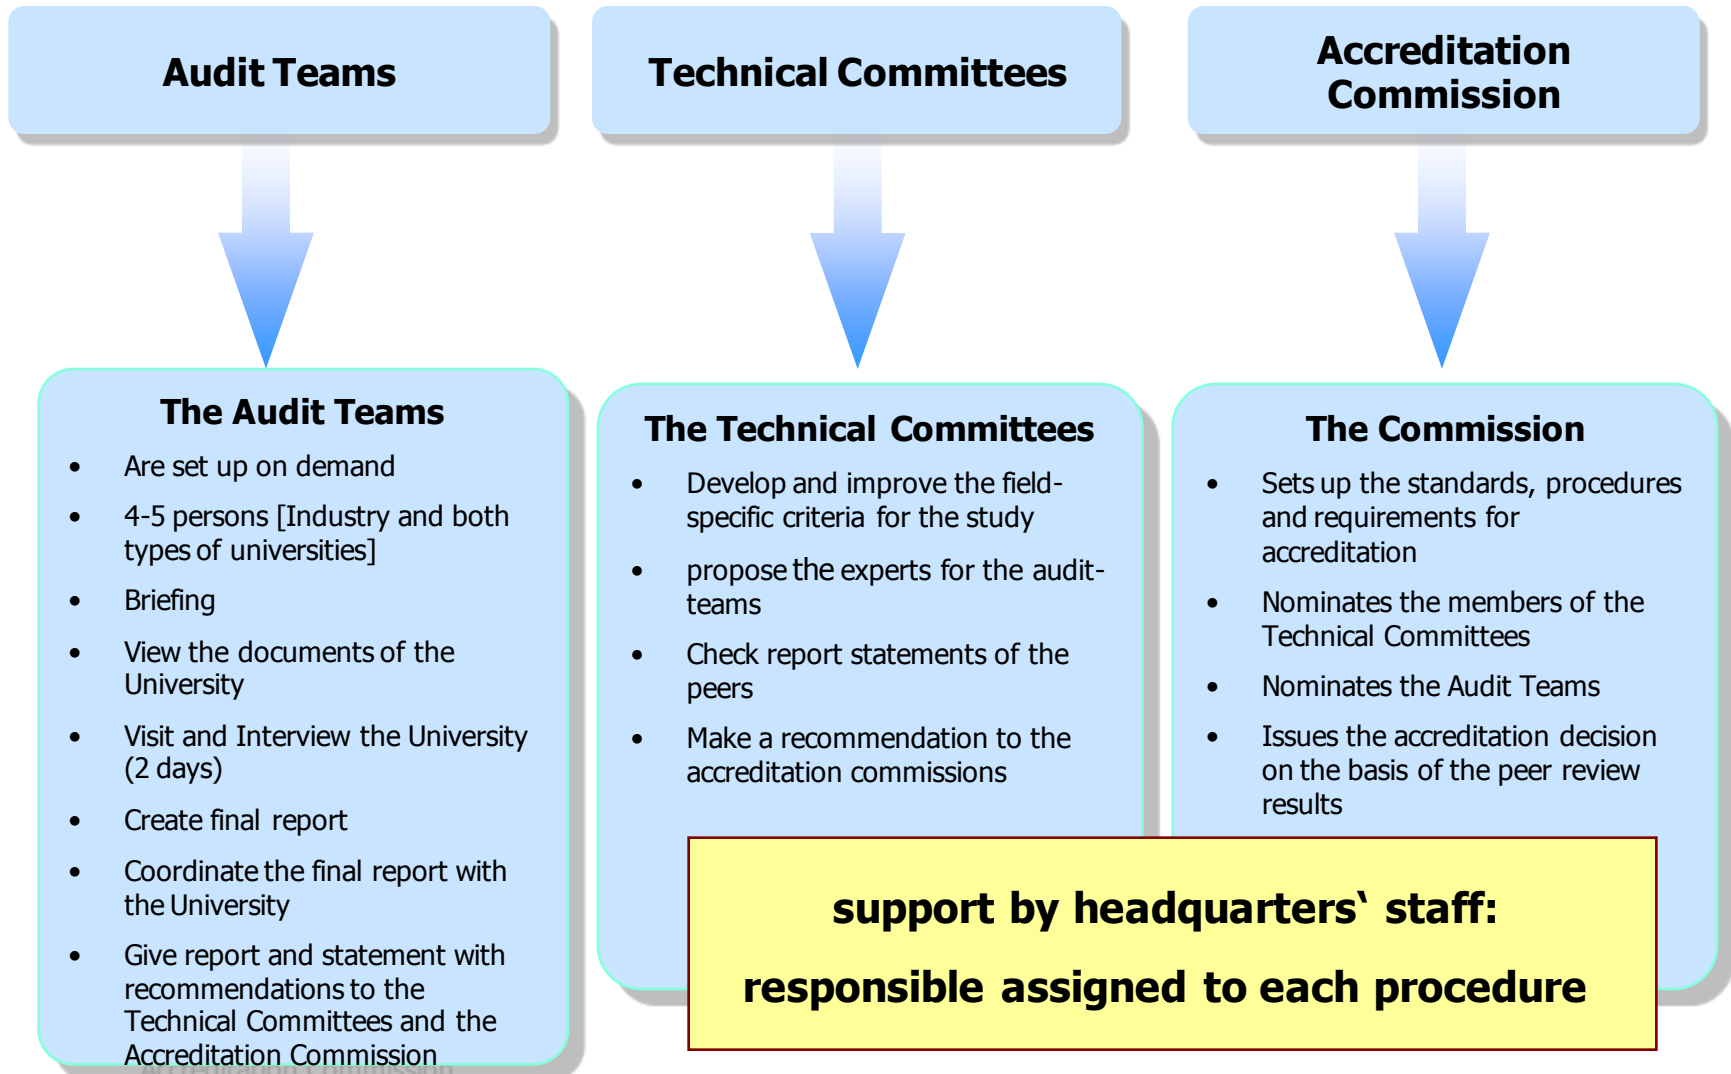

**Mongolian University of Science and Technology**

**Ulan Bator, January 26-28, 2015**

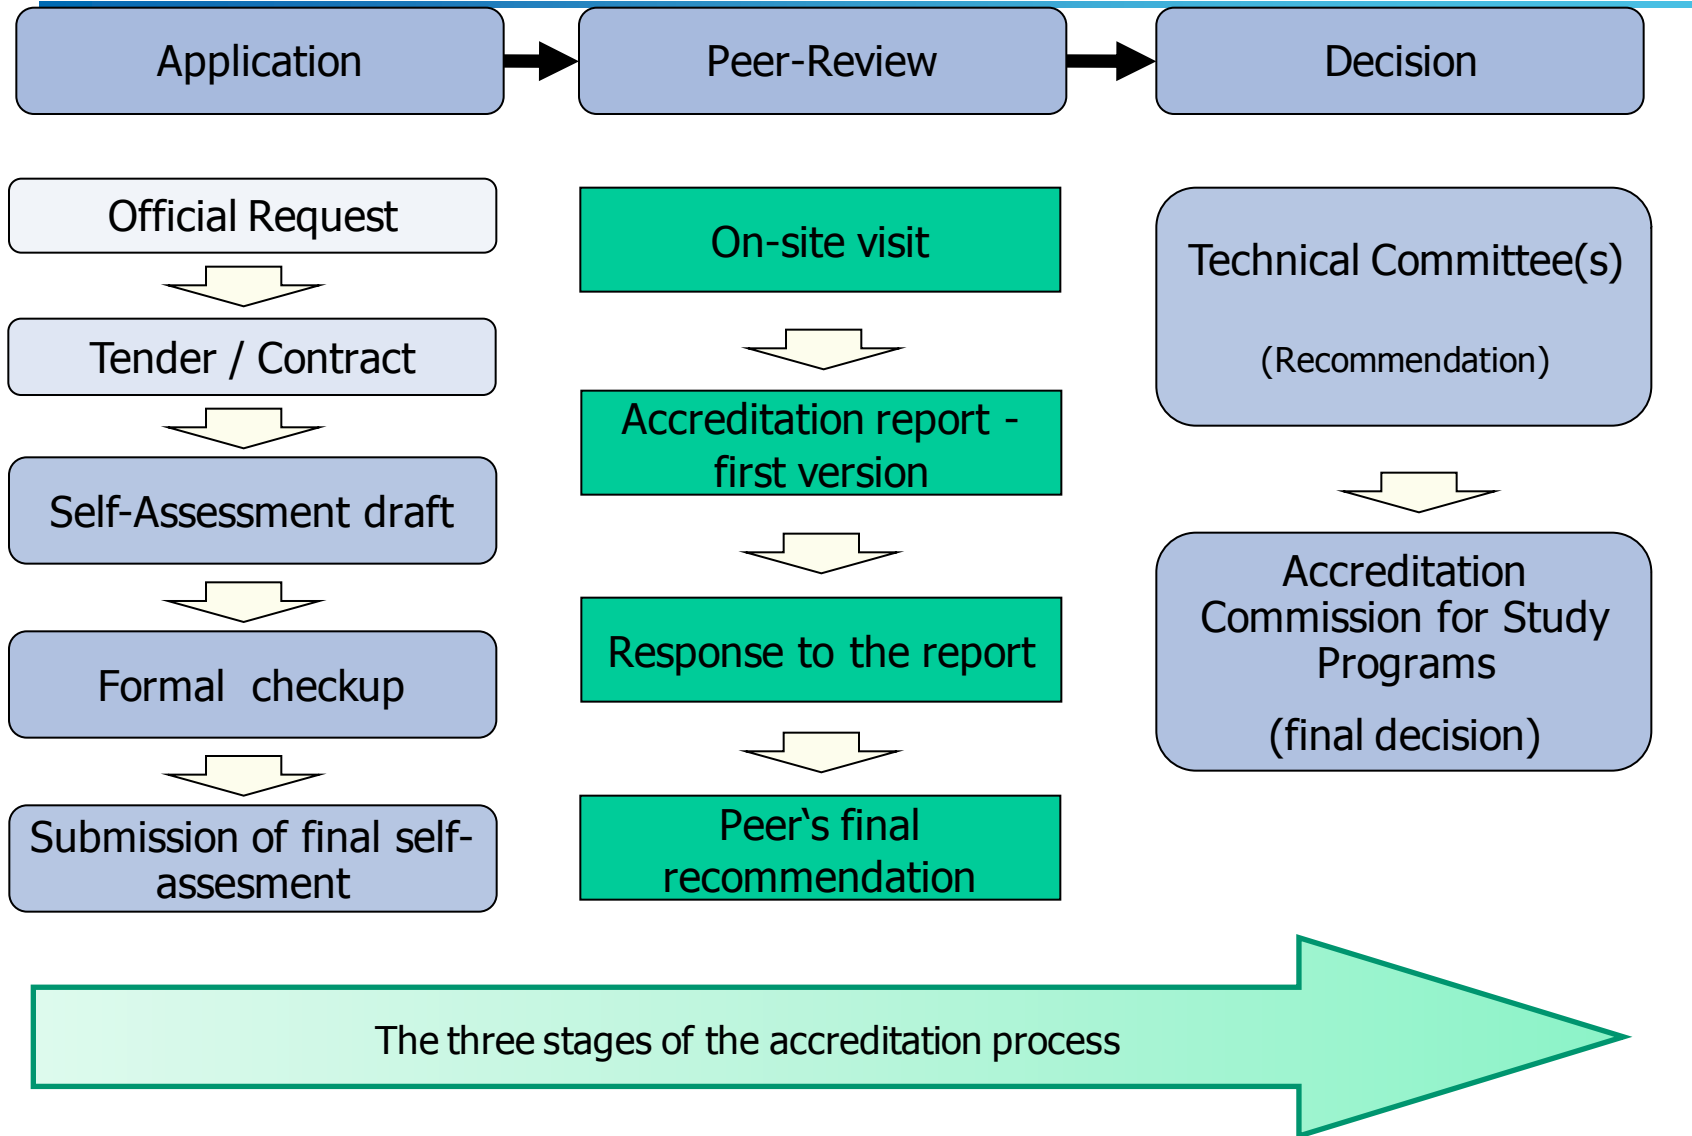

# Organizational structure of ASIIN

# Who does what during the accreditation process?

# Accreditation Process in a nutshell

## Initiation of the Accreditation Process

---

- HEI must turn in the Accreditation Request
- Discussion in ASIIN's Technical Committee(s)
- HEI will receive tender letter  
(including benefits, price  
and a proposed timeline)

## Preparing the Self-Assessment

---

- Self assessment report must be compiled by the university
- It is based on the internal QA-system

- Compilation takes 6-12 months to prepare
- University staff (administrative and academic) needs to contribute content

# The course of an accreditation process

1.

**Preliminary meeting** –  
discussion of first draft of the  
self assessment

2.

Final version of the **self  
assessment**

General criteria for the accreditation of  
degree programmes

3.

**Questions** of the auditors

Engineering, Informatics, Architecture,  
Natural Sciences,  
Mathematics, individually and in  
combination  
with other subject areas

## A Peer Review - The Audit

- ASIIN has a pool of about 1,600 peers
- Standard team for initial accreditation:  
5 ASIIN peers → representatives from
  - Technical Universities or Universities (more research oriented; 1-2 peers)
  - Universities of Applied Sciences (1-2 peers)
  - Industry (1 peer)
  - Student (1 peer)
- Principles:
  - Independence
  - Expertise
  - Comprehensiveness
  - Authority

Peers are...

- “equals”, i. e. **colleagues from the relevant academic fields**
- represent the **academic community** and **prospective employers.**
- involved on **all levels of the accreditation process.**

## Typical requirement profile for peers

---

### Peers

- ✓ renowned **experts** for the relevant academic field
- ✓ recommended by an **expert organisation** relevant to their academic field
- ✓ **act independently**, not as representatives of a single interest group or organisation.
- ✓ **respect the requirements** and procedural principles.
- ✓ **critically discuss** the institutional strategy and the objectives of a degree programme with the HEI, **without prescribing** either.

## Typical requirement profile for peers

---

### Peers...

- ✓ discuss the relevance, accessibility and process of definition of educational objectives.
- ✓ formulate questions rather than statements and allow their dialogue partners to explain their views.
- ✓ moderate the discussion process as to reach a joint of understanding or at least a mutual understanding for opposing views.

## The on-site visit

---

Internal discussion of auditors

Discussion with representatives of institution's administration

Discussion with professors responsible for the development of the programme

Discussion with academic staff

Discussion with students

Review of exams (written, final, projects...)

Visitation of the institution (laboratories, library, ...)

Final internal discussion of auditors

Final meeting with institution's representatives

# The course of an accreditation process

---

4.

**Audit** and production of **auditors'** report

5.

**Comments** by university  
(submission of additional  
information material, if  
required)

6.

Final **recommendation** by the  
auditors

# The On-Site Visit – Sample Audit Schedule

## Standard 1½-Day Audit (to be adapted upon need)

### *Preceding evening*

By 17:00 Arrival of the audit team

17:00 **Preliminary meeting of the audit team**

Focus areas: Analysis of the application for accreditation; unanswered questions; topics for discussion on-site

### *Audit*

08:30 **Opening meeting with the programme coordinators and the institution of higher education administration**

Focus areas: The institution's development plans; the position of the subject/degree programme within the institutional context; the profile and development prospects of the subject / degree programme from the perspective of the institution's administration

Study, teaching and research at the participating institutions; staff planning; cooperation; development prospects; resources; communication and coordination; organisation of the course of study and teaching management; quality assurance

09:15 Break, internal discussions

## The On-Site Visit – Sample Audit Schedule

---

- 09:30 **Meeting with the programme coordinators**  
Focus areas: Objectives; curriculum; programme structure; teaching and research content and methods; guidance and supervision of students; organisation of examinations; success of the programme; labour market relevance
- 11:00 Break, internal discussions
- 11:15 **Meeting with students at different stages of the degree programme and the student body (especially in the case of reaccreditation)**  
Focus areas: Objectives and the degree programme; course content, organisation and structure of the programme; examinations; guidance and supervision of students; working conditions; study abroad
- 12:15 Lunch, internal discussions

## The On-Site Visit – Sample Audit Schedule

---

13.00	<b>Perusal of examination papers, project work and final theses</b>
13:45	<b>Meeting with the teaching staff of the degree programme</b> Focus areas: Curriculum; programme structure; teaching content and methods; guidance and supervision of students; professional development of teaching staff
14:45	<b>Tour of the participating institutions</b> Inspection of laboratories, technical equipment, study-related facilities (e.g. library, rooms for teaching and study), projects
15:45	Final internal consultations of the audit team
16:30	<b>Closing meeting with the programme coordinators</b> <i>Focus areas:</i> Summary of the impressions gained during the day by the audit team; opportunity for the programme coordinators to provide additional explanations or clarify points that remain unclear
17:00	Conclusion of audit

# The course of an accreditation process

---

7.

Discussion in relevant **Technical Committee(s)**

8.

Discussion in the **Accreditation Commission**

→ **Decision and conclusion**

## Time frame

Approximately 6 months

### **Submission of the final self assessment report**

- Audit (+12 weeks)
- Audit report (+4 weeks)
- Comments by the HEI (+2 weeks)
- Recommendation of the peers (+1 week)
- Recommendation of the Technical Committee(s) (+4 weeks)

### **Decision of the Accreditation Commission** (+2 weeks)

Delivery of the report and certificates (+ 4 weeks)

Fulfillment of requirements (+ 9 months)

- ASIIN e.V. is a non-profit organisation
- Costs depend on:
  - Number of peers (→ travelling, accomodation and subsistence)
  - Number of programmes to be accredited
  - Duration of audit

- ✓ Formal review of the draft self-assessment report
- ✓ Optional preliminary meeting usually at the ASIIN office
- ✓ Organisation of the audit and the audit team
- ✓ Accreditation report & certificate
- ✓ Intensive support before, during and after the audit
- ✓ Listing and description of the programmes on ASIIN's website
- ✓ Award of additional European quality labels  
(if applied for at a nominal fee)
